### Tips & Tricks

This week we'll cover Tournament Etiquette.

Scorecards should be turned into the scoring table immediately following play. It should be the first thing that you do after you pull in from the 18th green, before locker rooms and cars, scorecards should be turned in. All players of the group should be present when turning scorecards in.

Music should not be played at any time whether by speaker, phone, or headphones. Headphones of any kind are not allowed unless for hearing improvement purposes.
