

Bayside Residents,

Sullivan's Landscaping has notified us of an upcoming staffing change. Please see the update from Sullivan's below.

*Dear Bayside Community,*

*As part of our continued commitment to providing Bayside with the highest level of service, communication, and landscape quality, we would like to share an upcoming transition within our Sullivan's Landscaping account management team.*

*After nearly four years serving Bayside as your Account Manager, John Williamson will be transitioning from the community to take on a new position within Sullivan's Landscaping. We are grateful for John's dedication and commitment to Bayside as well as the relationships and knowledge he has developed throughout his time serving the community. He will be missed by many Bayside residents who have come to know John by appreciating both his effort and sincere desire to do the best for the community.*

*We believe this transition provides an opportunity to bring a new perspective and fresh set of eyes to Bayside, while continuing our ongoing pursuit of improving appearance, consistency and overall landscape experience throughout the community.*

*We are pleased to introduce Brian Scott as Bayside's incoming Account Manager.*

*Brian, a Milford, Delaware native, brings more than 20 years of experience in the landscape industry, serving communities throughout Kent and Sussex Counties. Since joining Sullivan's in 2023, Brian has brought valuable experience in both operations and account management, with a strong focus on attention to detail, consistency, and delivering high-quality results.*

*Brian is a graduate of the University of Delaware with a degree in Communication and a minor in Spanish. He is also a Delaware Certified Nursery Professional, reflecting his knowledge of the industry and continued commitment to his profession.*

*A Thoughtful Transition*

*Brian and John will work alongside one another at Bayside over the next several months to ensure a seamless transition through the beginning of November when Brian will assume his new position in Bayside.*

*We are excited to welcome Brian into this role and believe the combination of his experience, attention to detail, and fresh perspective will be a tremendous asset to Bayside.*

*Thank you for your continued partnership and trust in Sullivan's Landscaping. We remain committed to listening, improving, and working every day to make Bayside a community we can all be proud of.*

*Sincerely,*

*Julie Hayes, Branch Manager*

*Sullivan's Landscaping & Maintenance, Selbyville*
