

Bayside Neighborhood Ambassador's

Neighborhood Ambassadors are volunteers who are passionate about advancing the quality of life for their neighbors. These on-the-ground local leaders are partnering together to help close the information gap in our Bayside community. Our mission is to build community through gatherings and projects and connect neighbors to each other and to community resources. Ambassadors are the ears, and voices for their neighborhood in Bayside.

Community pride starts at the neighborhood level. Collaborating on a project or creating a

neighborhood tradition strengthens your bond with the people who share a street with you. And knowing people in your community makes it easier to ask for or offer help, understand someone else's perspective, raise a concern in a productive way, or lean on one another when there is a need.

Questions?

Questions on what the Neighborhood Ambassador program is about or are interested in getting involved? Contact Robin Albrecht at ralbrecht57@gmail.com
