Bayside Community - Welcome Connor Hicks, Our New Code Enforcement Specialist

Bayside residents,

We are excited to share that we have a new team member who joined the Legum & Norman community management team on September 30! Connor Hicks, pictured below, is our new Code Enforcement Specialist. Connor has replaced our previous inspector, Martin Kemp, who resigned in June to move closer to family.

Connor previously worked at VueStay Property Management as a Senior Property Inspector. In that role, he led and mentored a team of eight property care employees with a focus on conducting maintenance inspections and communicating with building managers and property owners to ensure issues were resolved in a timely manner.

Since joining the Bayside management team, Connor has been focused on learning Bayside's policies and getting familiar with the community layout. We anticipate that Connor will begin inspecting homes next week, so please say hello if you see him in the community. The first section of the community that Connor will inspect is East Point Beach, followed by homes along Crosswinds Landing. In our weekly update announcement on TownSq each Friday, we'll share which area(s) of the community Connor plans to inspect the following week to keep you informed of the upcoming schedule.

Connor has already proven to be a great addition to our team, and we look forward to working with him to continue providing excellent management services to Bayside Community. Should you wish to connect with Connor directly, his email address is connor.hicks@legumnorman.com.

Please contact the community management office at [302-988-2389](tel:302-988-2389) with any questions. Have wonderful day!

Thank you,

Michael Bennett, HOA General Manager
